

Math in Action! – Fall 2026 Program

Come play and see how professional mathematicians believe children should explore and learn.

- Games and puzzles that build problem-solving skills without feeling like math in school
- Activities designed for students in grades K-8; parents should also participate; NO drop-offs
- Open to the public: free of charge; not limited to families in CSDNR; invite friends to come
- Free of charge; registration not required: scan QR code below for reminder emails

New Rochelle Public Library, 1 Library Plaza – activity room in children’s section

Huguenot Children’s Library, 794 North Ave – basement level

Iona University, 715 North Ave – LaPenta Business School, Room 308

For Iona University only: parents must sign a standard waiver form at the event.

(weekly or less frequent)**

NewRo Solves Math Circle

Non-profit project that seeks to enhance math education for families in CSDNR:

- Features programs offering games, puzzles, and activities based on mathematics
- Promotes exploration, logic, and reasoning that can help students understand how AI works
- Offers FREE Math in Action! programs at New Rochelle Public Library since 2024
- Offers activities at PTA STEM events for FREE since 2022
- Facilitated by student volunteers from NRHS and Iona University
